

FEATURES AND APPLICATIONS:

- Compact & light-weight body, more comfortable in your hand.
- Oil-bath system- increased durability.
- Assembly or small Industrial work.
- New impact system minimizes vibration.
- All kinds of screws, small bolts, nuts and stud bolts.

SPECIFICATONS : (Performance figures are at 0.62 Mpa(Pe) (90 P.S.I.) air pressure.)

- Capacity Bolt Size.....3/16"
- Overall Length (w/o bit).....7-9/32"
- Net Weight (w/o bit).....1.71 lbs
- Free Speed R.P.M.....11,000
- Air Consumption (normal).....7.1 c.f.m.
- Air Pressure.....90 P.S.I
- Hose Size.....1/4"
- Sound db(A).....88.5
- Torque(working).....2– 20
- Vibration.....2.66 m/s2
